National Radioactive Waste Management Facility:

Statement on Australian Human Rights Commission conciliation meeting

The following can be attributed to a spokesperson for the Department of Industry, Innovation and Science:

“This week the department, Barnjarla Determination Aboriginal Corporation and the District Council of Kimba took part in a conciliation with the Australian Human Rights Commission,” said the spokesperson.

“All parties have agreed to continue to work together on a way forward that facilitates the views of all community members being heard, and allows a decision to be made this year.”
